GEAR THAT MAKES A DIFFERENCE

Here at Your City Sports, our mission is a lot more than just designing and creating cool-looking custom socks, beanies/toques, and scarves.

For every order we receive, we send an equal number of socks to a homeless shelter. Order 50 custom pairs of Socks, Beanies, or Scarves, a homeless shelter receives 50 brand-new pairs of high-quality socks. Order 300, the shelter gets 300 pairs. And so on and so forth. This donation can be done by YCS staff or as a service project for your students, club, business or organization.

Year after year, clean socks are one of the most-requested items by homeless shelters throughout the world. When donating to shelters, people often think to donate things like food, toiletries, and winter jackets. While these are all helpful, people generally don't think to donate socks. Socks are the fastest clothing item to wear out without proper care, and since the homeless spend a lot of time on their feet, walking through cities, to and from shelters, this adds extra wear-and-tear, and their socks are often discarded.

We are called Your City Sports because with every purchase Your City Sports gives back to YOUR community. Many organizations give back to organizations outside their communities, and while all giving is meaningful, we feel that there are many needs in our own communities that are often overlooked and forgotten. By placing an order with Your City Sports, you are directly helping those in need right in your own community. That's why our motto is YOUR CITY. YOUR COMMUNITY. YOU CARE. When we work together, we can do great things!

Please call or email us with any questions you may have, or to learn how to get started on a custom order for your organization. Thank you!

Fundraising with **STYLE.**

Whether you're part of a team, club, school or community organization you probably need to raise funds. We've all seen the same fundraisers – chocolate bars, cookie dough, discount coupons – and we've all experienced the challenges selling these things to our friends, relatives and co-workers.

Don't you wish there was a better way? *There is!*

With **Your City Sports** you can raise funds by selling **cool gear** that your customers actually want, and give back to your community at the same time. For every item you sell we donate a pair of socks to a homeless shelter in your community. Contact us at info@yourcitysports.com to get your fundraiser started.

Your City Sports is proud to offer fully customizable beanies/toques! Features of our custom beanies include:

- High-Definition embroidery on the beanie rim, to capture every detail of your school or organization's logo
- Two options available – Pom or no Pom.
- Optional 3" or Full Fleece lining may be added to the beanie inside, for additional warmth and higher durability during the cold-weather months
- Made from a long-wearing acrylic material, which allows the beanie to hold its shape and not fade over time

Here's what customers have said about **Your City Sports!**

"After losing an amazing student this past year we were looking for a special way for his legacy to live on. Working with Carolyn and her design staff at Your City Sports was not only easy and quick but so personal. The socks that they created are beautiful and so special.

The process was amazing from start to finish and I would highly recommend Your City Sports to anyone looking for specialized, custom work. I really appreciate the personal touch."

Kirsten Smith, Teacher, Clayton Heights Secondary School

"This past fall, Burnaby Minor Lacrosse Club began the task to produce socks for not only the Minor Club but the Junior and Senior Clubs as well. This would require that the design be something that both 5 year olds and adult men would wear – not an easy task to say the least!

But through Your City Sports and Carolyn, the idea became a reality! After several mockups with some back and forth to change the sock until it was exactly what we wanted the Laker sock was born! Carolyn was patient with us through all these changes and the end result was worth the work.

Thanks to Your City Sports and Carolyn for guiding us through and producing the perfect sock for our club."

Debbie Heard, Secretary, Burnaby Minor Lacrosse Club

"One of the things I liked best about working with Carolyn and Your City Sports was that our project touched our students and community in so many ways. First, the purchase of socks allowed our students to show their pride in our school, and helped develop school unity. A lot of our athletes purchased socks to wear with our school uniforms, and our opponents ask us all the time about how we were able to get custom socks made with our school logo on them!

Our ASB officers were able to use the sale of socks as one of our fund-raising projects for the year. Raising money for activities is one of our requirements for school officers, and this was a unique and fun way for them to help with our extracurricular programs. Finally, the community service opportunity really appealed to our students. There was a great response at our assembly when we were able to show all of the socks that we were donating to help kids and families who are in need. Our students are proud of how they were able to make a direct impact in our community, and our donation was gratefully received by the shelter we selected as our recipient.

Working with Carolyn and Your City Sports was easy—everything was high quality, matched our mascot logo and school colors, and even arrived ahead of schedule! We're already planning our next project with Your City Sports, and look forward to continuing to associate with such an outstanding company."
